

**A PLAY THAT PUSHES ZOOM
TO NEW DIMENSIONS.**

To understand another person's story you have to lose something. Gemma and Alex experience pain of different kinds. She's listening. He's staying silent. He collects data, she dances. A play about the power of body and mind to speak to each other across a carpet or a moonscape, and how transformation comes when we are able to move to different rhythms

**Dancing
on the Rusty
Brown Carpet**
