

The initial stages of this project were supported by the Oxford Centre for Triple Value Healthcare (3V) whose services were paid for by Pfizer.

A new era...

Quasi-market

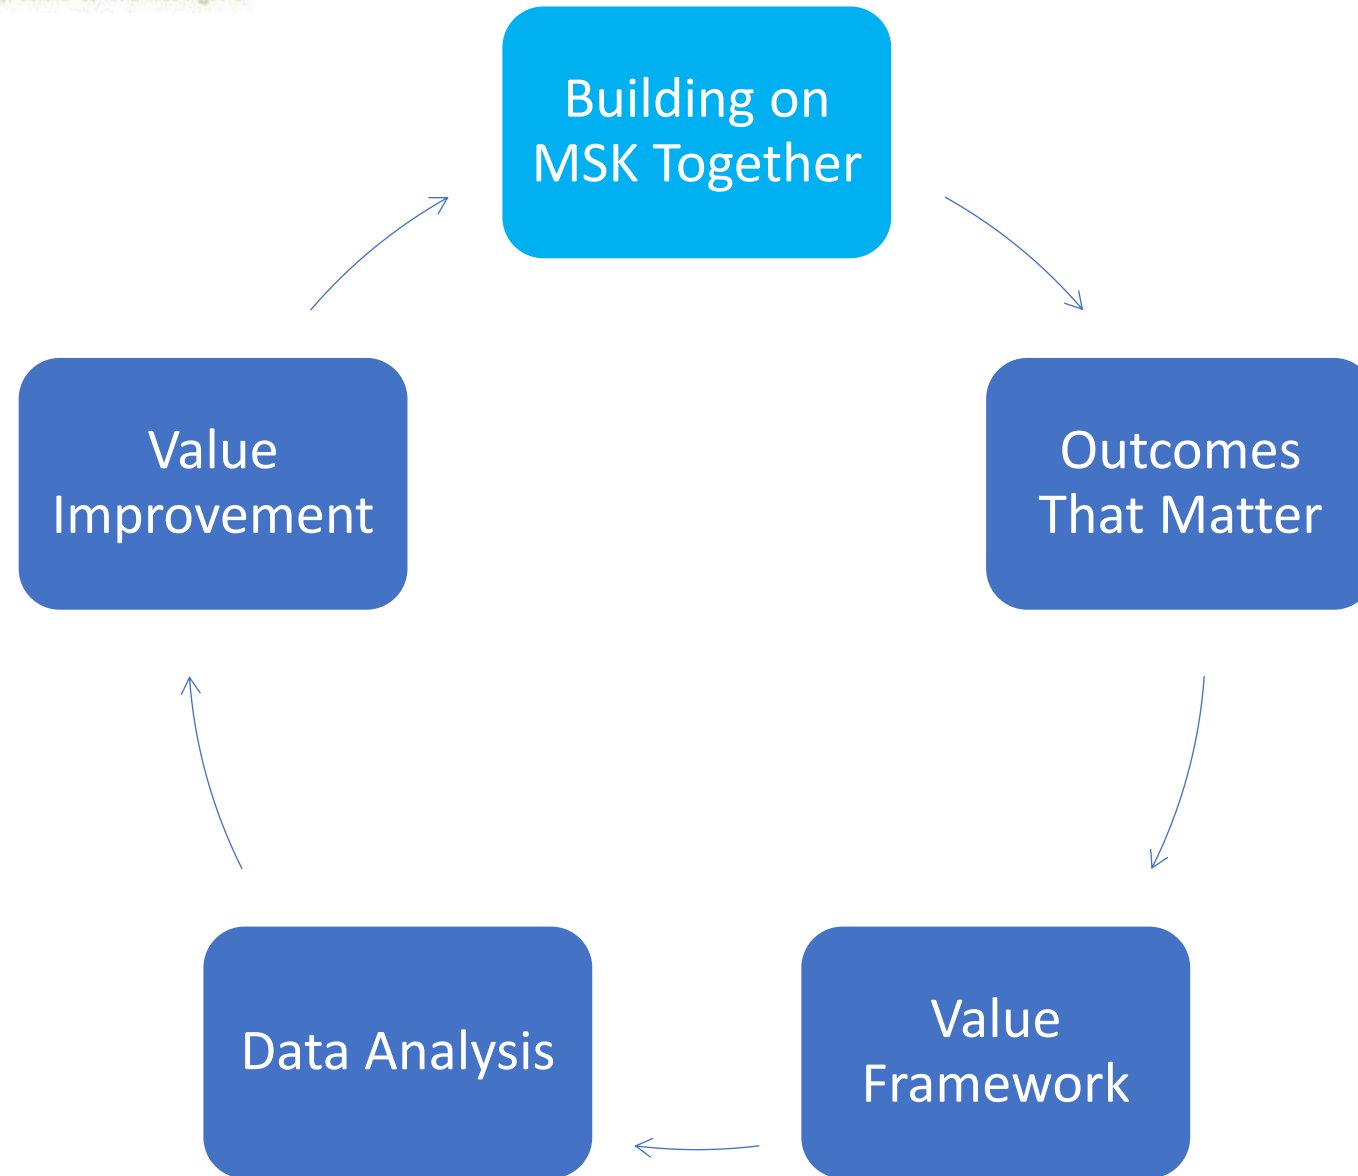

Sustainable Value
Based Systems

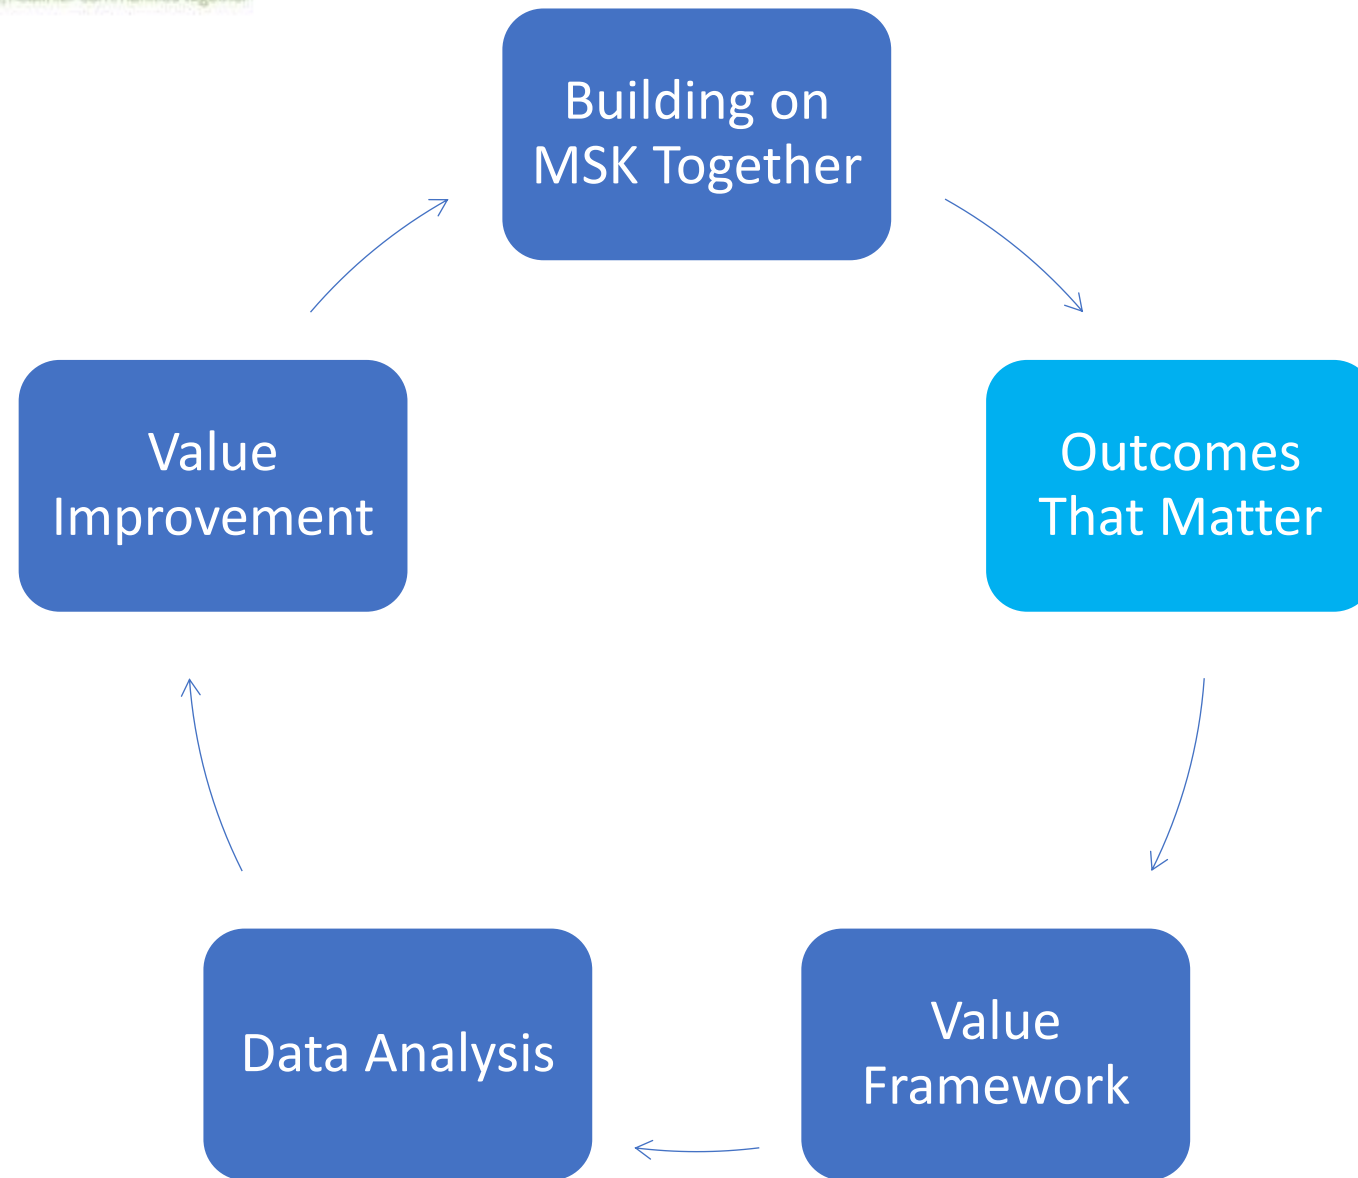

- Focus on populations not institutions
- Develop networks
- Value
- Collective responsibility to use finite resources wisely
- Culture of Stewardship

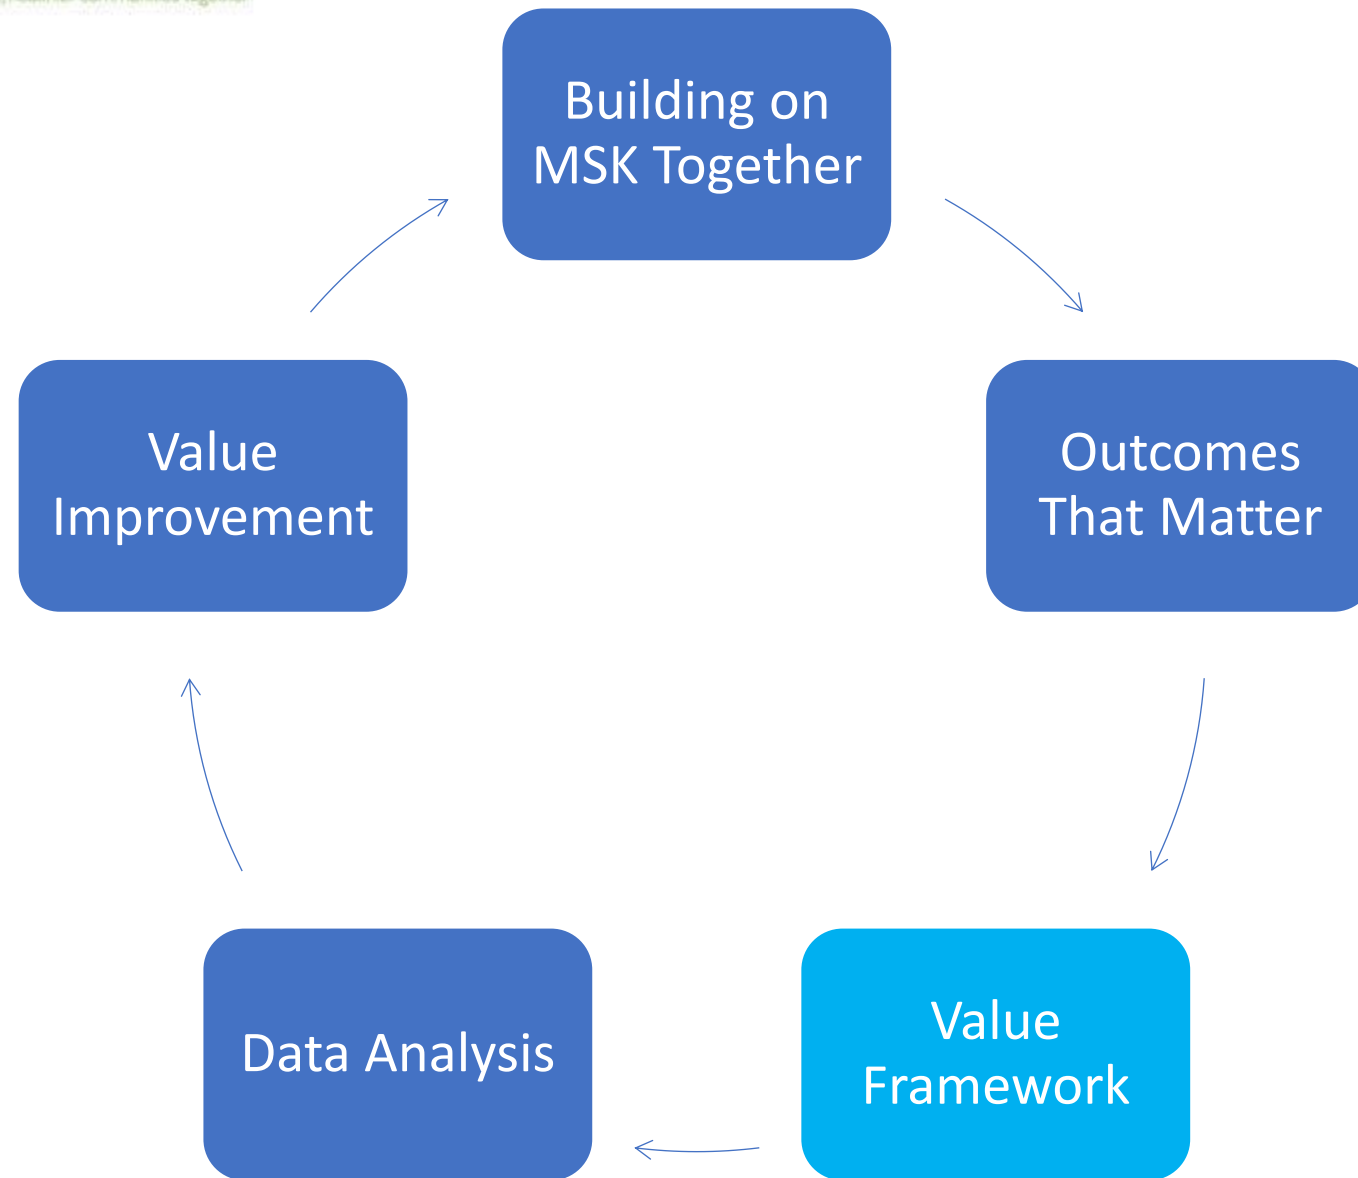

The shared aim of everyone in the NHS

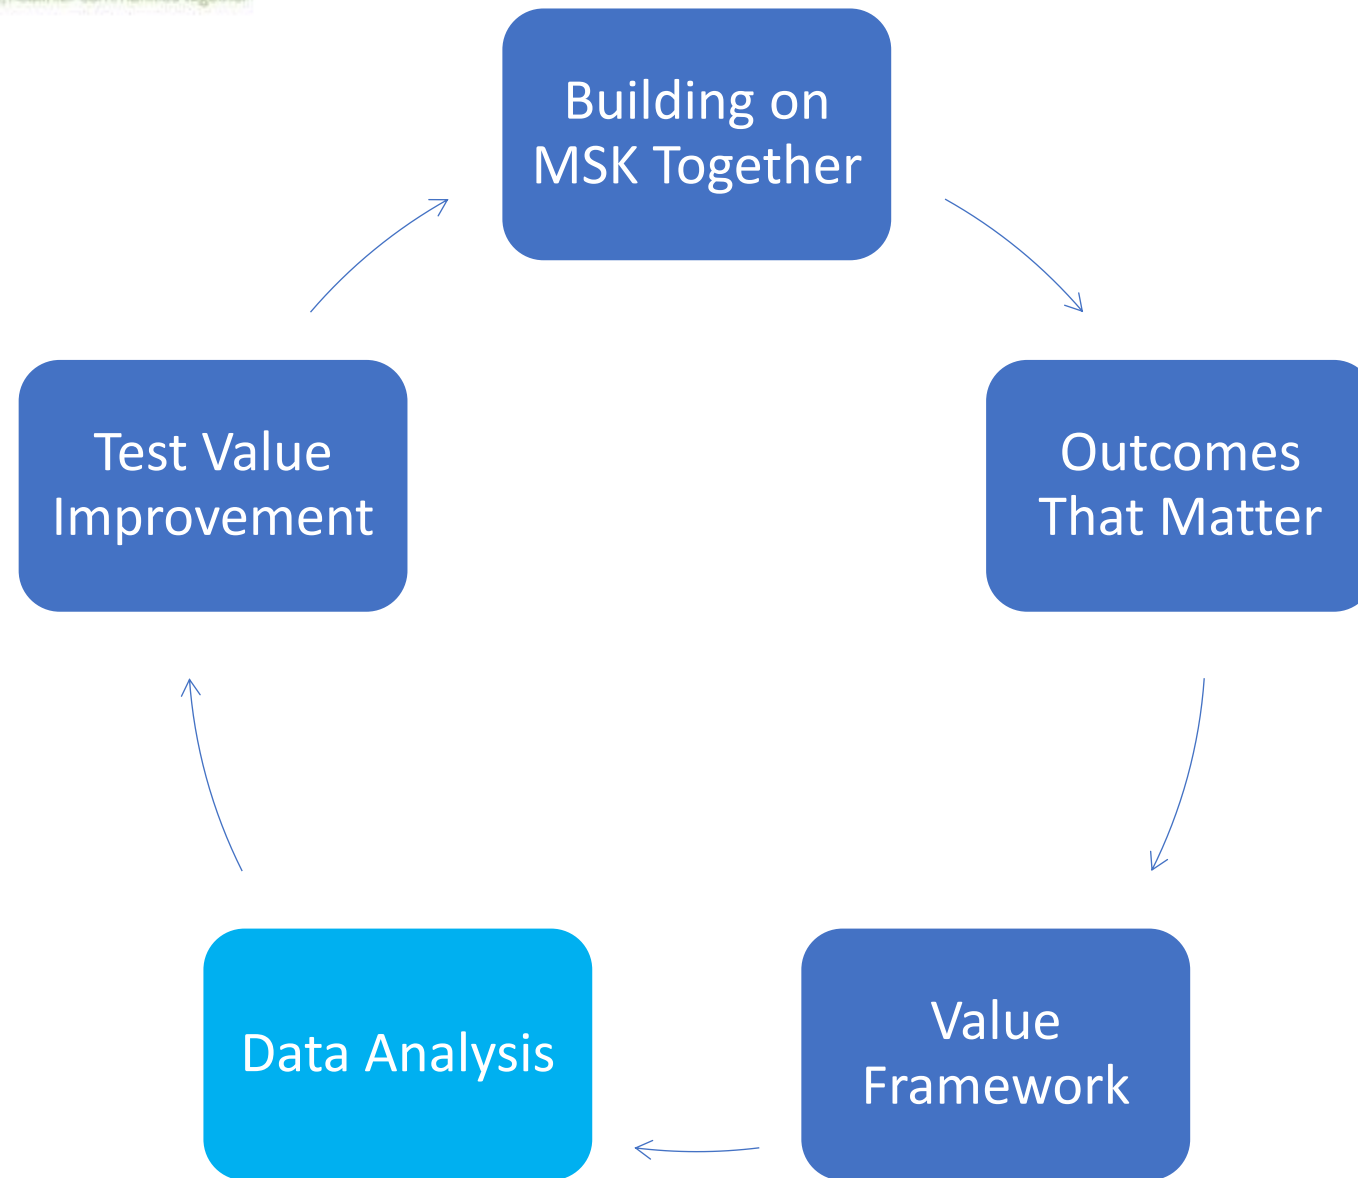

“to further support integration, we propose to implement NHS England’s recommendation for a (legal) shared duty that requires NHS organisations that plan services across a system (ICSs) and nationally (NHS England), and NHS providers of care (NHS Trusts and FTs) to have regard to the ‘triple aim’ of

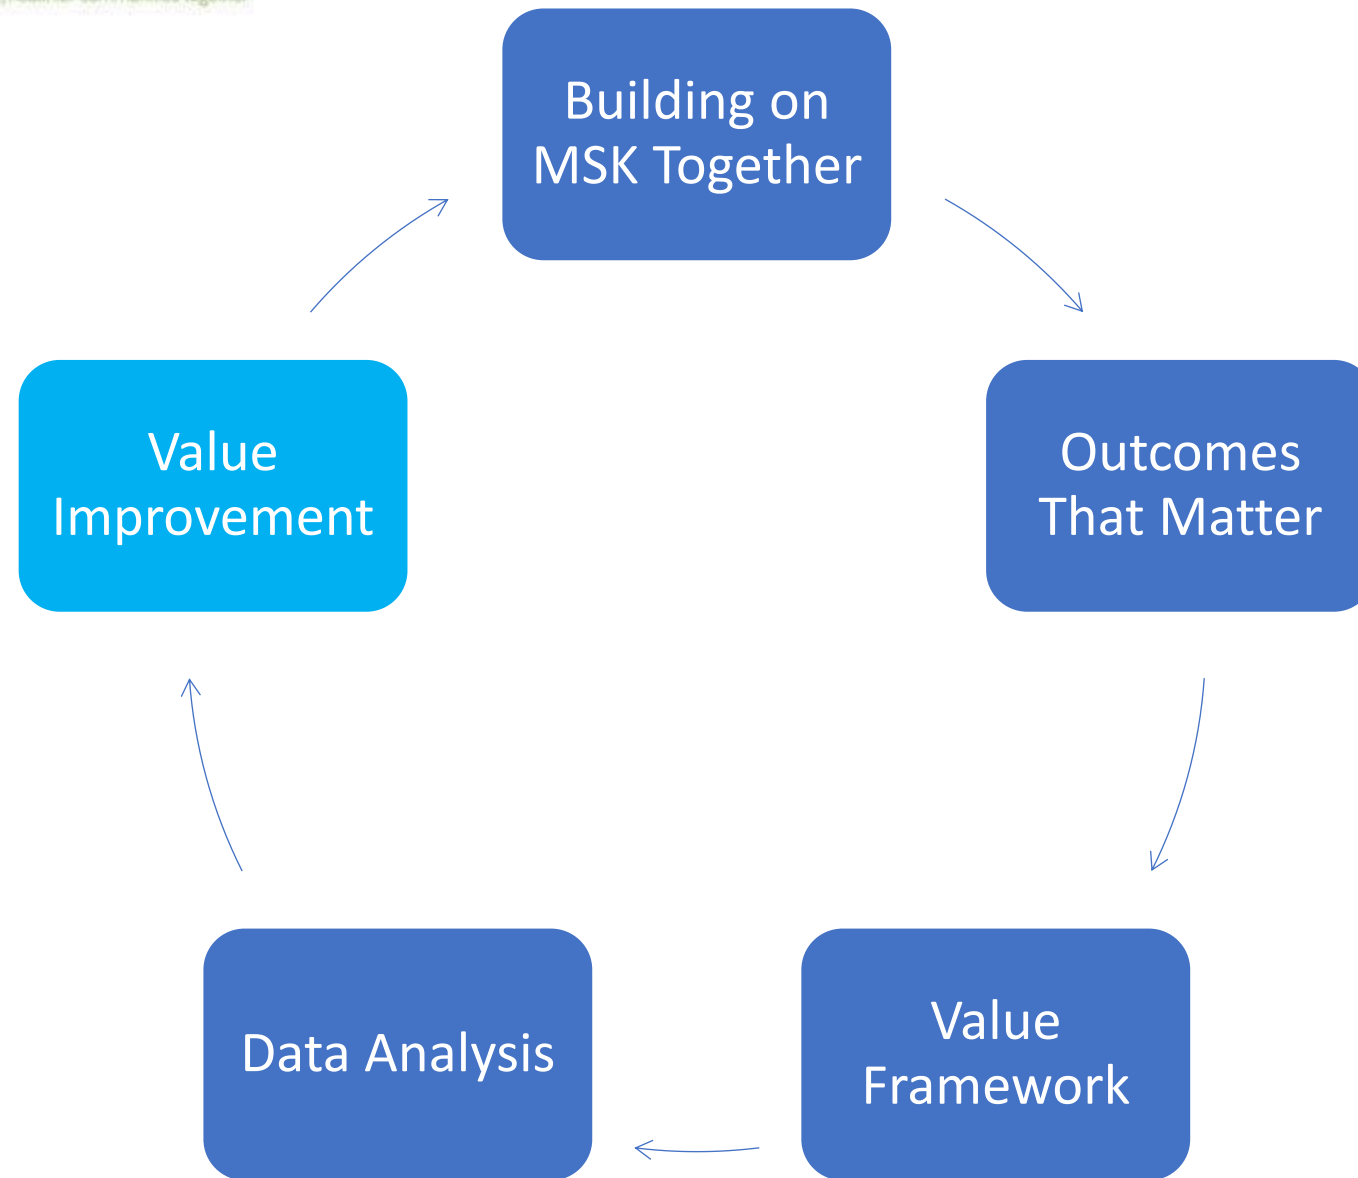

- better health and wellbeing for everyone,*
- better quality of health services for all individuals, and*
- sustainable use of NHS resources.”*

The game changers...

- *Focus on outcomes and value*
- *Shared resource*
- *Trust to discuss complex issues*
- *Culture – reinforced by language and behaviour*
- *We are building knowledge and relationships at place*
- *Continuous value improvement*
