

# How to spot hypermobility-related conditions in Primary care

**Would you like to better understand hypermobile Ehlers-Danlos syndrome and Hypermobility Spectrum Disorders with their varied presentations, to support patients with early diagnosis and improved symptom management?**

You are invited to a FREE educational event in the Library of the historical Reform Club, in the heart of London. Sponsored by Ehlers-Danlos Support UK, our esteemed faculty includes **Dr Emma Reinhold**, **Dr Ben Frankel**, **Dr Alan Hakim** and Messrs Luke Cascarini and Nima Heidari.

Tuesday 26<sup>th</sup> November 2024 from 11.30am

**Connect with our leading experts, listen to latest research and engage in lively case study discussions to:**

- Equip you with the skills to recognise and diagnose Ehlers-Danlos Syndrome and hypermobility spectrum disorders
- Provide expert guidance on supporting patients with these disorders and related conditions
- Identify when you may need to refer to secondary care

**Interested in attending?**
