

Survey Participants Required!

The **aim** of the study is to assess **Self-efficacy** (what physiotherapists believe they can do to support self-management) and **Performance** (what physiotherapists actually do in practice) among UK Musculoskeletal Physiotherapists in **Supporting Self-management in Chronic Low Back Pain**

Who can participate ?

UK-based HCPC registered physiotherapists age 18 years or older working in musculoskeletal settings with a caseload of low back pain patients

If you are eligible, please consider participating by clicking the link or scanning the QR code to complete a short questionnaire. 15 mins, max!
